BUSINESS RULES

Regulation 20 of the *Local Government (Model Code of Conduct) Regulations 2021* provides that a councillor must not:

- direct or attempt to direct a local government employee to do or not to do anything in their capacity as a local government employee; or
- attempt to influence, by means of a threat or the promise of a reward, the conduct of a local government employee in their capacity as a local government employee; or
- act in an abusive or threatening manner towards a local government employee.

The legislation is intended to protect local government employees from intended or unintended influence from Councillors.

While councillors have a role representing the collective interests of electors, ratepayers and residents of the district, acting on behalf of individual customers can put councillors in a difficult position.

Unavoidably a request from a councillor can be perceived as a direction that must be acted on as a priority and accordingly result in an unfair advantage to an individual or organisation which is also a breach of the Act.

Interaction between Employees and Councillors

The Chief Executive Officer is responsible for managing Councillor interactions with employees.

Employees must not act on instructions from a Councillor.

If contacted by a Councillor in that capacity, the employee should direct the Councillor to the Chief Executive Officer and advise the Chief Executive Officer through their Supervisor.

Outward going correspondence to Councillors must be approved by the Chief Executive Officer prior to being sent.

In the absence of the Chief Executive Officer, the responsibilities and powers set out in this Executive Procedure are delegated to the Deputy Chief Executive Officer.
